Qualification Description

This qualification is designed for individuals working in various community settings and homes, providing support that helps people with disabilities gain more independence, self-reliance, community involvement, and overall well-being. Workers adhere to a person-centered approach, follow an individualised plan, and operate independently without direct supervision. Supervising and coordinating a small team may be part of their responsibilities.

It is essential to apply the skills in this qualification in accordance with relevant legislation, Australian standards, and industry codes of practice.

There are currently no licensing, legislative, regulatory, or certification requirements associated with this qualification.

Purpose

The purpose of this course is to prepare individuals to deliver high-quality, person-centered care in community, home, or residential settings. It aims to equip participants with the essential skills, knowledge, and practical experience needed to support individuals who require assistance due to aging, disability, or other circumstances, ensuring they can work effectively as part of a care team within the guidelines of industry standards and regulations.
